

A Call to 1.25 Billion Children of Mother India

Filesize: 1.33 MB

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

A CALL TO 1.25 BILLION CHILDREN OF MOTHER INDIA

Createspace, United States, 2012. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Countries are loved by their citizens. But India deserves maximum love and care from her children as she is not an ordinary country. Firstly, she is a great mother. And she is a great country too. Book tells us why India should be loved immensely deeply. It explains the exceptional greatness of India in earlier times on various counts and why India should regain her first position in the world soon. She has fed one-fourth of world s population cumulatively since time immemorial, in spite of having only 2.5-3.0 of world s land-area. Tolerance of her people and abundance of water food, coupled with favorable climate allowed so many people to migrate and settle here in earlier times. From ancient era to eighteenth century, her share in world-GDP was always more than 20 . Just before British rule, her share in world-GDP was around 25 , which reduced to 3 in 1947. Likewise, her share in world-trade reduced to 1.5 in 1947 from more than 60 in seventeenth century. She was a leader in almost all the fields - from Mathematics to Metaphysics, from Metallurgy to Medicine, and from Music to Martial arts. And her three unique virtues make her the greatest and the holiest place in the world - Tolerance, Kindness and Forgiveness. Our love for India should therefore be at the highest degree. And that immense love should be converted into action by launching and actively participating in a long-term intensive movement for quality productivity. The book elaborates the concept methodology for this grand movement for quality productivity. It urges Indians to get motivation from the Gita for that. Besides, book urges Indians to help eliminate...
