By Gianluca Toro, Benjamin Thomas, Jonathan Ott

Park Street Press. Paperback / softback. Book Condition: new. BRAND NEW, Drugs of the Dreaming: Oneirogens: Salvia Divinorum and Other Dream-Enhancing Plants, Gianluca Toro, Benjamin Thomas, Jonathan Ott, The first comprehensive guide to oneirogens--naturally occurring substances that induce and enhance dreaming - Includes extensive monographs on dream-enhancing substances derived from plant, animal, and human sources - Presents the results of scientific experiments on the effects of using oneirogens - Shows how studies in this area of ethnobotany can yield a scientific understanding of the mysterious mechanism of dreams Oneirogens are plant and animal substances that have long been used to facilitate powerful and productive dreaming. From the beginning of civilization, dreams have guided the inner and outer life of human beings both in relation to each other and to the divine. For centuries shamans have employed oneirogens in finding meaning and healing in their dreams. Drugs of the Dreaming details the properties and actions of these dream allies, establishing ethnobotanical profiles for 35 oneirogens, including those extracted from organic sources--such as *Calea zacatechichi* (dream herb or "leaf of the god"), *Salvia divinorum*, and a variety of plants from North and South America and the Pacific used in shamanic practices--as well...
