Never opened , Never owned , Never marked . Jacket protected in New non-stick clear mylar sleeve . Gift Giving quality . 7 x 10" size; 255 pages . Where do knowledge revolutions come from? Are they the product of brilliant minds making a quantum leap? . Or of advances in the methods and instruments of research? . The answer is both . Fine minds and the right circumstance are both necessary for the significant breakthroughs that allow us to understand our world and the universe we inhabit . This book provides vivid proof of this potent combination through personal stories from twenty-five of Canada's best researchers . Experience their world of innovation as they share fresh insights in an impressive variety of fields, from superconductors to supernovas; from biostatistics to biotechnology and genomics; from health care delivery to robotic surgery; from quantum computing to aircraft safety and environmental change; from family history to native culture, literature, and law . Each researcher tells of personal and professional commitment to a field, a goal, an ideal . And each shares a quest to harness knowledge for the sake of a more enlightened and productive Canada . Taken together, these essays bear eloquent witness to the achievements of Canadian research .
